Single Hand 8100-4**	325/350**	x	#8	#8	132	Medium	x

Legend and Some Details

*	Echo TR2 Rods are Quite Strong - They fall under a slightly different grain window than most Trout Spey Rods
**	10' Single Hand Rods Require Grain Weights heavier than 9' Rods. Add 25 Grains for a 10' Rod
***	If you are having a problem blowing your anchor with these Micro Tips - Add 2' of 30# Tippet to the butt section of your leader
****	***** 10' RIO Replacement Tips are 5-9 wt 55 grains - 95 grains. 15' RIO Replacement Tips are 6wt to 10wt and there is no 6wt Floating tip. Since a floating tip has less stick than a sinking tip use the 7wt 95gr floating tip.
